RASHI SHARMA

B.Tech CSE Student - 1st Year | JECRC University, Jaipur

Email: rashisharma8077@gmail.com | Location: Jaipur, Rajasthan, India

CAREER OBJECTIVE

Enthusiastic B.Tech CSE first-year student at JECRC University with strong foundations in C and Java programming. Passionate about algorithmic problem solving, object-oriented software design, and continuous learning. Seeking opportunities to apply coding skills in practical projects, hackathons, and internships.

EDUCATION

B.Tech in Computer Science & Engineering [First Year]

JECRC University, Jaipur, Rajasthan | 2024 - 2028

- Core Studies: Programming with C & Java, Discrete Mathematics, Problem Solving, Computer Fundamentals

Senior Secondary / High School Education

Distinction in Science & Mathematics Stream

TECHNICAL SKILLS

- Programming Languages: C, Java (Core Java, OOPs concepts)
- Core Competencies: Object-Oriented Programming, Data Structures Basics, Algorithmic Logic Building
- Development Tools & Environment: Git, GitHub, VS Code, GCC Compiler, JDK, Eclipse/IntelliJ
- Web Fundamentals: HTML5, CSS3, Modern Responsive Web Layouts

ACADEMIC PROJECTS & PRACTICE

1. Student Information & Grade Management System (C / Java)

- Built an interactive console application using structured programming and OOP classes.
- Implemented CRUD operations, data validation, and formatted terminal outputs.

2. Algorithmic Problem Solving & Data Structures Practice

- Solved 100+ programming exercises covering arrays, strings, matrix manipulations, and sorting in C and Java.
- Practiced dry-run code debugging, complexity analysis, and pattern logic generation.

ACHIEVEMENTS & CO-CURRICULAR ACTIVITIES

- Secured admission to the B.Tech CSE program at JECRC University, Jaipur.
- High academic standing in C and Java programming laboratory coursework.
- Active member of University Technical Society and Coding Communities at JECRC.
